

LASALA

PLAZA

HOTEL

# The building

A completely renovated 1917 building that preserves the architectural style of the facades of the time to enjoy a trip back in time.

Endowed with a renovated classic French style, it keeps alive the elegant atmosphere of the city that at the end of the 19th century became one of the fashionable destinations among royalty and high society travelers.

# Privileged location

We are located in a prime spot at the meeting point of the fishing port, the bay, and the old town, in a small, quiet square that gives the hotel its name.

In the square stands the bronze lion that once adorned the city's most important public fountain, a symbol of the town.

## HOW TO ARRIVE

*\* Access for large vehicles is restricted in the area. We recommend using a private vehicle or minibus.*

# Among the best rated hotels in San Sebastián

Any approach won't suffice if we can do better.

We apply a culture of excellence in every one of our endeavors, in every member of our team, and in every small decision we make each day. Our goal is to provide you with the best service—what you expect (and a little more)—while doing so with the utmost care and kindness.

# 58 rooms

The Basque culture and classic French style serve as the inspiration for the decor of each hotel room. Among them, you'll find various options to enjoy a unique experience: from rooms with stunning views of La Concha Bay and the fishing port to warm and cozy smaller rooms ideal for short stays. For a deluxe experience, we offer bright rooms located on the hotel's top floor, providing a unique view of the city. All of them are equipped with state-of-the-art technology and high-quality materials and finishes.

One room is equipped with a lift, harness, and a home automation system that provide total independence for individuals with disabilities.

## Commitments

At Lasala Plaza, our passion for providing an exceptional experience goes beyond just a simple stay. We are committed to being a positive force for the planet, significantly contributing to the social, cultural, and environmental health of our surroundings. Our efforts have recently been recognized with the prestigious EU Ecolabel, a distinction that reaffirms our unwavering commitment to sustainability.

Since our inception, we have embraced a hospitality model that not only respects but also cares for our planet. Therefore, we have implemented pioneering energy solutions, such as generating our own geothermal and photovoltaic energy, in addition to using exclusively renewable energy. As we progress, we have gone further by adopting policies like the use of QR codes, promoting the circularity of our waste, and integrating the concept of Kmo into our procurement policy. Every decision we make reflects our commitment to a greener and more sustainable future. At Lasala Plaza, we believe that true hospitality is one that cares for the world we share.
